

Statement of Direction for Microsoft Dynamics AX

Last Modified 7/28/2010

Posted 7/16/2008

The Microsoft Dynamics AX Statement of Direction and the Microsoft Dynamics AX Vision and Roadmap presentation have been updated and are now available on CustomerSource and PartnerSource.

Microsoft Dynamics® AX is a comprehensive business management solution for mid-market organizations and divisions or larger enterprises that works like and with familiar Microsoft software to help your people improve productivity.

Microsoft Dynamics AX is built to make it easier to do business across locations and countries by consolidating and standardizing processes, providing visibility across your organization, and simplifying compliance. With Microsoft Dynamics AX, you can be confident your business management solution is, and will continue to be, relevant to the needs of your people and the demands of your industry and business.

This statement of direction will give you insight into our vision, product strategy and roadmap. The objectives of this document are to:

- ▶ Help prospective buyers 'buy' our solution by giving insight into our strategy and future releases
- ▶ Help prospective partners build a business case for why they should sell our solution or build on top of our platform
- ▶ Help our existing partners and customers plan near and long-term initiatives. For example, help customers plan the roll-out of Microsoft Dynamics AX across their organization and into multiple markets (regions) or business units.

The document comprises of the following main sections:

- ▶ Vision: Building for the Dynamic Business
- ▶ Microsoft Dynamics AX Roadmap
- ▶ Microsoft Dynamics AX 2009 SP1
- ▶ Microsoft Dynamics AX '6'
- ▶ Customer Support and Maintenance Policies
- ▶ High-quality implementations iwth Microsoft Dynamics Sure Step

The SOD contains information about our development plans through the year 2018.

The information and product plans contained in this document are based on current market conditions and are subject to change at any time. The information in this document should not be assumed to represent a commitment on the part of Microsoft. The document will be updated as market conditions and product plans change over time.
